

tree\_array = { 7, 3, 5, 1, 2, 4, 6 }

① topology structure → simulation

Report: (use previous version)

1. Signal modeling

① SNR → Gaussian white noise

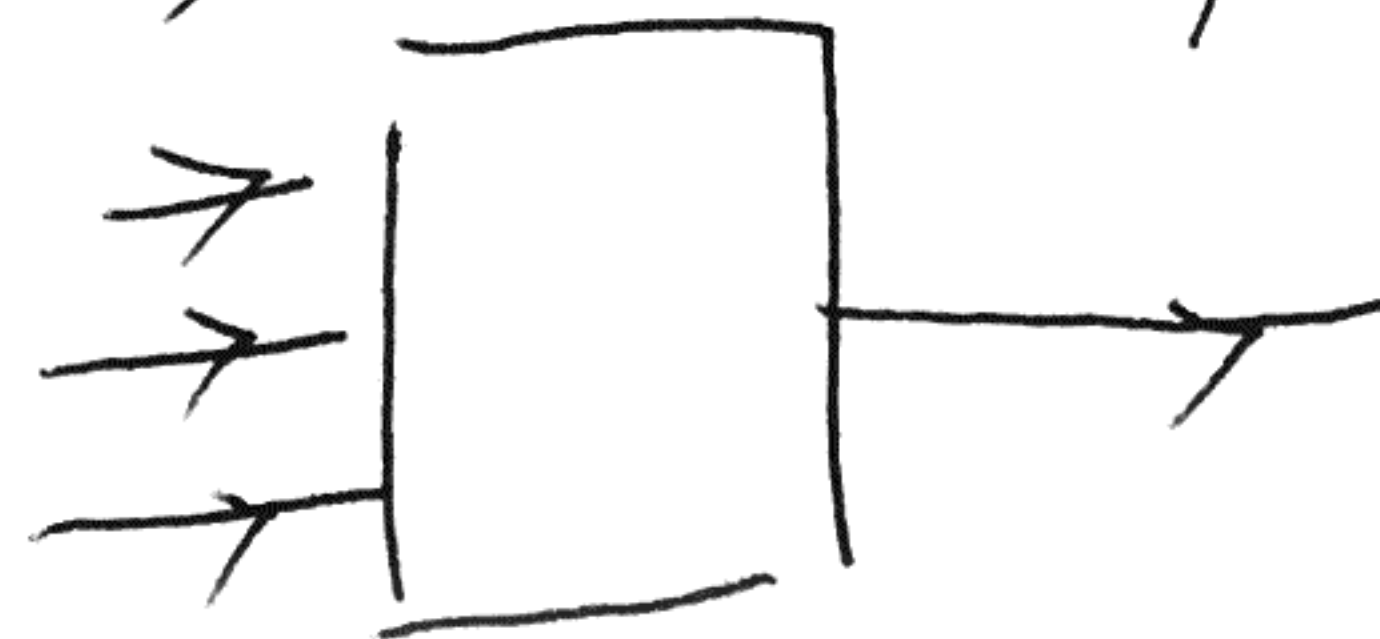

② factor change for fading / noise

③. percentage of success  
signal → matrix → power function → DOA

2. MUSIC

① block diagram

② p<sub>music</sub> →

### 3. Evaluation

① GUI → screenshot

②. explain RSSI matrix

③. Topology structure

screen shot from simulation
